The Three-man Committee jointly inspected certain forest areas asked for by the expropriated ryots on 7-12-1961 and has recommended the release of the following areas:-

	A. G.	
S. No. 1 of Puradhal village, Purdhal State Forest.	32.00	
S.No. 1 of Settikere (in three patches measuring 130 acres), Masarur State Forest. ..	60.00	acres in two patches and portion of area in patch No. 3 after excluding the area planted with teak.
S. No. 30 and 31 of Basavapura, Baruve State Forest.		Portion of the area lying between the Kumdvathi river and Railway line (to be surveyed).
S. No. 31 of Harohitlu village, Harohithlu State Forest.	19.20

A copy of the letter No. M.272-1145/58-59 dated 27-12-1961 from the Conservator of Forests, Shimoga along with its accompaniment is enclosed for perusal. I agree with this proposal and request you to communicate orders of Government disforesting these areas.

The Conservator of Forests, Shimoga Circle has issued instructions to the Divisional Forest Officers of Sagar and Shimoga and the Fuel Supply Division Officer, Bhadravathi to take necessary action for clearance of the area.

1. Puradal State Forest - Puradal village - 32 acres in S. No. 1 of Puradal:-

This area was inspected and found fit for wet cultivation. It is also adjacent to the area already released in the same No. where a colony has been formed. The area does not contain any heavy malki and it was agreed that it may be released. (1)

2. Hanumanthapura Minor Forest - Hanumanthapura village, S. Nos. 3, 4, 5 and 6 (extent 30-10):-

It was suggested that the Range Forest Officer and the Surveyor concerned should inspect the area and report to the District Forest Officer, Shimoga for further action immediatelyx after marking it the area properly on the ground, for inspection.

There are 3 patches involved in this S. No. 1 totalling 130 acres in extent. The 2 patches of 30 acres each in extent have been demarcated. They contains flowered bamboos and only sparse growth of tree cron. It was agreed to release both these plots. (2)

The area of 70 acres adjacent in block No. 2 was also inspected for release. But it was found that the Department had already done planting of teak under flowered bamboos. 4. Baruve State Forest - Basavapura village, SnNo. 30 and 31:-

The plot of 35 acres lying in S. No. 30 and 31, contains patches of teak planted in the past. The teak is on pole stage and therefore the release of this area is rejected. (This area is locally known Gonadadasarada Jaddu).

Out of 38 acres, the area between the Kumdvathi river and railway line only, was agreed for release. The exact extent should be resurveyed jointly by the - Surveyor and the Range Forest Officer and marked on the ground. (3)
